Charleroi and Washington Interurban Service

Two interurban systems are operated by the Pittsburgh Railways Company, the Charleroi Route and the Washington Route. The Charleroi route, often termed the Scenic Route, runs through farming and industrial districts to Roscoe, about 35 miles from Pittsburgh, passing through the towns of Library, Monongahela City, Charleroi and Allenport.

The Washington route is known as the Historic route. This route passes through Morganza, Canonsburg, Houston, and Washington, each of which is of interest historically as well as industrially.

The city of Washington, while known best as the site of Washington & Jefferson College, is a city of many points of interest and is well worth being placed on the points of interest to be visited when in the Pittsburgh district.

All Interurban cars operate inbound over the Smithfield Street Bridge to Water St., to Grant St., to Liberty Ave., the city terminus, and outbound from Grant St. and Liberty Ave., along Liberty Ave. to Wood St., to Water St., to the Smithfield St. Bridge.

MOTOR COACHES FOR SPECIAL PARTY TRIPS

Modern, comfortable and safe motor coach equipment, operated by experienced, courteous drivers, is available at all times. Cold weather trips may now be taken with the greatest comfort and safety.

Schools, colleges, churches, glee clubs, ball teams, show troupes, lodges, clubs, business and social organizations, orchestras, etc., can assure the success of a trip by providing transportation which will keep the party together.

Chartered service is not expensive; in fact, it usually costs less than individual transportation, besides relieving you of driving worries. Safe, clean, comfortable coaches with a seating capacity of 21, 29, and 36, are available at reasonable rates, depending upon the coach capacity.

No matter what length of ride, or size of party, you are planning, a representative of the Special Service Department (Phone Grant 1500) will be pleased to help you work out the details and give you an estimate of the cost of your trip.

FARES

The regular day fare on all routes, except interurban routes, and the night car fare within the City of Pittsburgh, is 10 cents cash or 8¼ cents by token sold in quantities of 3 for 25 cents. The night car fare outside of the City of Pittsburgh is 10 cents cash.

On certain routes special 5-cent fares are in effect on day cars in restricted areas only.

A number of routes, indicated by (†) under the heading "CITY AND SUBURBAN TROLLEY ROUTES" are divided into definite zones with the above fares collected in each zone. Starting from the downtown triangle district the first fare zone embraces the major portion of Pittsburgh and includes the following municipalities:

Avalon, Bellevue, West View, Spring Garden, Troy Hill, Millvale, Etna, Sharpsburg, Aspinwall, Wilkinsburg, North End of Brown's Bridge, North End of Glenwood Bridge, a part of Brentwood, Carrick, Overbrook, Dormont, a part of Mt. Lebanon Township, Crafton, Ingram, Sheraden, and McKees Rocks.

Free transfers will be issued and accepted subject to tariff regulations. In general the transfer system provides for a ride between any two points in the same fare zone, except where the possible abuse of the privilege is greater than the demand. The Company reserves the right to indicate the route to be followed and the transfer points. In general, no transfers are issued on night cars except to shuttle routes.

On Sundays and Holidays there is a transferable, unlimited ride, pass sold for 30 cents cash, or 25 cents and one 30-cent pass used on some previous Sunday or Holiday. This pass is good on the entire system, except interurban routes.

Interurban routes are divided into a number of 5-cent zones with various ticket rates in effect between different points and under varying conditions.

For detailed information on fare limits, fares, transfers, routing, etc., call "Information" at Grant 7450.
